10. Revaluation of answer books under annual pattern

Provided that no candidate shall be allowed to have more than two answer books revalued. Provided also that no revaluation shall be allowed in case of scripts of practical, field work, seminar, sessional work, CCE/IA, tests and thesis/dissertation/project report submitted at the examination and also for the supplementary examination.

10.2. Retotaling (scrutiny) of marks shall be done before the answer-books are sent for revaluation without the candidate applying for it and if any change is found, necessary action to revise the marks will be taken accordingly and revaluation will be undertaken if the candidate still desires to get his/her answer-books revalued.

10.3. Where a candidate applies for revaluation the answer-book in which revaluation is sought will be sent for valuation to two examiners (other than the one who initially valued it). At least one of them shall be from a place outside the jurisdiction of the parent university. If necessary five answer books valued by the same examiner and a copy of the memorandum of instruction for the guidance of examiners (if prepared by the paper setter) may be sent to each of the two examiners to enable them to evaluate the answer book concerned in the light of standard set by the examiner and the memorandum of instructions.

10.4. If the marks awarded in the paper by any of the two examiners varies from the marks given by the original examiner by more than 10% of the maximum marks in the paper, the average of the marks awarded by two of the examiners, the original examiner and the two revaluers and nearest to each other will be taken to represent the correct valuation. This average of marks will be awarded to the candidate for the revision of his result.

Provided that subject to the condition that at least one of the variations from the original marks is more than 10% of the maximum marks in the paper, if two differences in marks allotted by the three examiners are equal, the two marks to the best advantage of the candidate shall be taken into account for arriving at the correct valuation. Provided further that if the average of the marks thus arrived at is lesser than the original marks or at least one of the variations from the original marks is less than 10% of the maximum marks in the paper, the original marks will not be changed and the result shall remain unchanged.

10.5. If at least one of the variations from the original marks is more than 20% but not more than 30% of the maximum marks in the paper, the answer books shall be sent to a Fourth examiner (other than the Original examiner and the two revaluers) for valuation. The marks awarded by this fourth examiner will be given to the candidate as a result of revaluation for the revision of his/her result. Provided that if these marks thus arrived at is lesser than the original marks, the original marks will not be reduced and the result shall remain unchanged.

10.6. If it is found during the process of revaluation that the variation of marks awarded by the original examiner and by the other two examiners is very large (more than 30%), giving rise to the suspicion that either the original examiner or other examiners have not valued the answer books properly and fairly, the principal may get such cases scrutinised thoroughly and may take such necessary action, which is necessary to arrive at correct valuation of such answer-books.

11. Limitation period and fees for evaluation/retotaling/viewing

11.1. The time limit of applying for revaluation/ retotaling shall be 15 days and for viewing shall be 7 days from the date of the declaration of result

form would not be extended on this account, i.e. it would be 15 days for retotaling/revaluation and 7 days for viewing from the date of the declaration of result.

11.2. The fee shall be prescribed by competent authorities which may be changed from time to time.

11.3. The fee paid shall be non-refundable provided that if the retotaling (Scrutiny of answer books) / viewing/revaluing has not been done due to unavoidable circumstances, full amount (Except processing charges) of fees paid shall be refunded for each answer book provided further that failure on the part of the student to be present on the scheduled and notified day of viewing shall not entitle him/her for the refund.

12. Notification and revised mark sheets

12.1. The result of retotaling/revaluation shall be notified and communicated to the candidate even if there is no change in the marks.

12.2. If as a result of the scrutiny/revaluation it is found that the examinee should be declared as passed or placed in a higher division or has secured more marks or on the contrary secured lesser marks than what have been awarded earlier, his /her result shall be revised accordingly and the candidate shall be provided with the revised mark sheet

13. Undertaking

An undertaking shall be obtained from the applicant to the effect that he/she had read and understood the contents of the policies, procedures and rules of revaluation/retotaling/viewing of the answer books.

14. Communication

Any communication uploaded on the official college website or displayed on notice board shall deemed to have been communicated to the persons concerned.
