YEARLY REPORT OF BEST PRACTICE

ENVIRONMENT CONSCIOUSNESS 2018-19

1. Introduction

Environmental consciousness is all about understanding the environment, the impacts of human behaviors on it, and the importance of its protection whereas sustainability refers to adopting good practices, ways & means that can strike a healthy balance between human subsistence and Mother Nature.

2. Practice

- The college has been taking positive steps for the preservation of existing flora within the campus.
- Institute recognizes the social need to be environmentally friendly and has implemented facilities to provide students an eco-friendly campus.
- Institute recognizes Anti-Plastic Rally, Anti-Plastic Street Play makes the campus and villages overall plastic free.
- Institute recognizes Cleanness related activities in campus and outside the campus and various villages. As a result of implementation of this activities of the college are now aware of various environmental issues.
- Institute recognizes Tree Plantation related activities in campus and outside the campus and various villages. As a result of implementation of this activities of the college are now aware of pollution free environment.
- Institute construct Vanrai Bandhara in various villages for save water.

3. Activities

1. Anti-Plastic Rally
2. Anti-Plastic Cloth Carry Bags Distribution
3. Anti-Plastic Street Play
4. New College Building Cleanliness
5. Cleanliness Awareness Rally
6. College Campus Cleanliness
7. Nirmalya Ektrikaran
8. Weekly Bazar Cleanliness
9. Tree Plantation Rally -Nadgive village
10. Vanrai Bandhara – Pombhurle village
11. Water Conservation Street Play– Pombhurle Village

4. Assessment

- i. The possibility of generating single use plastic and hence it's management is cut off at the source itself.
- ii. Through periodical trees plantation, flora and fauna (mainly birds) of the campus, outside the campus and various villages have been enriched, resulting in the transformation of the campus into an ecofriendly one.
- iii. Changing the mind-set of people for reducing the usage of paper and plastics.
- iv. As a result of implementation of these activities are now aware of various environmental issues.

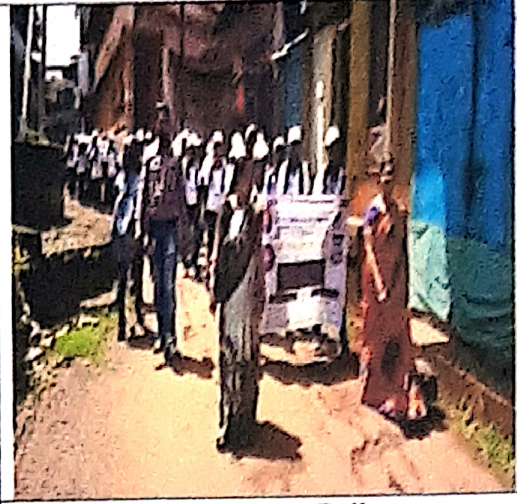

5. Outcome of Activities

- i. It will be benefited to students and people to reduce chance of being disturb with unnecessary items
- ii. It will be benefited to students and people Got idea about how to climate obstacles.
- iii. It helps to bring awareness about Plastic bags are having a negative impact on human health
- iv. It helps to bring awareness about Waste plastic bags are polluting the land and water immensely
- v. It helps to bring awareness about Plastic bags have become a threat to the life of animals living on the earth as well as in water.
- vi. Construct Vanrai Bandhara in various villages are beneficial for Water Conservation /save water.
- vii. Trees plantation help to pollution free and ecofriendly environment.

YEARLY REPORT OF BEST PRACTICE **ENVIRONMENT CONSCIOUSNESS 2019-20**

1. Introduction

Environmental consciousness is the understanding of how human actions impact the environment, and the responsibility to protect and preserve the natural world. It's an important part of the environmental movement, which is an ideology that recognizes the need for humans to respect the environment.

2. Practice

- Institute recognizes the social need to be environmentally friendly and has implemented facilities to provide students an eco-friendly campus.
- Institute recognizes Anti-Plastic Rally, Anti-Plastic Street Play makes the campus and villages overall plastic free.
- Institute recognizes Cleanness related activities in campus and outside the campus and various villages. As a result of implementation of this activities of the college are now aware of various environmental issues.
- Non-financially assistance as a food grain provided to flood affected peoples at. Bahreshwar, Karveer, Kolhapur.
- Institute recognizes Tree Plantation related activities in campus and outside the campus and various villages. As a result of implementation of this activities of the college are now aware of pollution free environment.
- Institute construct Vanrai Bandhara in various villages for save water.

3. Activities

1. Tree Plantation - Shidawane Village
2. Vitthal Rukmini Samaj Mandir Cleaness
3. Tree Plantation Rally - Shidawane Village
4. Anti-Plastic Rally - Kharepatan Village
5. Anti-Plastic Street Play - Kharepatan Bus Stand
6. Tree Plantation Rally - Kharepatan Village
7. Waste Management Demo - Pombhurle Village
8. Cloth Carry Bag Distribution- Kharepatan Village
9. Vanrai Bandhara - Chinchavali Village
10. Tree Plantation- Nadglve Village
11. Relief Work for Flood Victims in Bahlreshwar, Karveer, Kolhapur
Distribution of Food Grains
12. Anti-Plastic Street Play- Chinchavali Village

4. Assessment

- Through periodical trees plantation, flora and fauna (mainly birds) of the campus, outside the campus and various villages have been enriched, resulting in the transformation of the campus into an eco-friendly one.
- It also involves understanding how our actions can affect the climate, ecosystems, and the planet's overall health
- As a result of implementation of these activities are now aware of various environmental issues, human impact on them.

5. Outcome of Activities

- It will be benefited to students and people to reduce chance of being disturb with unnecessary items
- It helps to bring awareness about Plastic bags are having a negative impact on human health
- Trees plantation help to improve air quality by absorbing harmful gases and releasing oxygen.
- It helps to bring awareness about Waste plastic bags are polluting the land and water immensely
- It helps to bring awareness about Plastic bags have become a threat to the life of animals living on the earth as well as in water.

- Construct Vanrai Bandhara in various villages are beneficial for Water Conservation /save water.
- Those affected in Flood Victims in Bahireswar, Karveer, Kolhapur have get Non-financially assistance as food grains.

YEARLY REPORT OF BEST PRACTICE

ENVIRONMENT CONSCIOUSNESS 2022-23

1. Introduction

Environmental consciousness refers to “psychological factors that determine consumer propensity for eco-friendly behavior”. It is the willingness to become aware of environmental problems, to support efforts to solve environmental problems, and to personally commit and act to solve these problems

2. Practice

- Institute recognizes the social need to be environmentally friendly and has implemented facilities to provide students an eco-friendly campus as well as surrounding villages.
- Institute recognizes related activities in campus and outside the campus and various villages i.e. Cleanliness Rally, Cleanliness Street Play and Cleanliness work makes the campus and villages overall plastic free and waste material free.
- Institute recognizes Tree Plantation related activities in campus and outside the campus and various villages. As a result of implementation of these activities of the college are now aware of pollution free environment.
- Institute constructs Vanrai Bandhara in various villages for saving water.
- Institute recognizes Waste Management Awareness Rally and Save Environment Awareness Rally

3. Activities

1. Cleanliness -Kelavali Village
2. Cleanliness Rally – Kelavali Village

3. Cleanness Street play – Kelavali Village
4. Cleanness Street Play - Kharepatan Bus Stand
5. Cleanness - Kharepatan Bus Stand
6. Cleanness Rally – Nadgive Village
7. Cleanness Street Play – Pombhurle Village
8. Vanrai Bandhara – Kelavali village
9. Waste Management Awareness Rally– Kelavali village
10. Save Environment Awareness Rally– Kelavali village
11. Tree Plantation -Kharepatan village
12. Tree Plantation – Kelavali village
13. Tree Plantation – Nadgive Village
14. Majhi Vasundhara Street Play- Pombhurle Village

4. Assessment

- i. Through continuously trees plantation, flora and fauna (mainly birds) of the campus, outside the campus and various villages have been enriched, resulting in the transformation of the campus into an eco-friendly one.
- ii. Trees plantation also involves understanding how our actions can affect the climate, ecosystems, and the planet's overall health.
- iii. As a result of implementation of these activities are now aware of various environmental issues, human impact on them.
- iv. Changing the mind-set of people for reducing the usage of paper.
- v. As a result of implementation of these activities are now aware of various environmental issues.

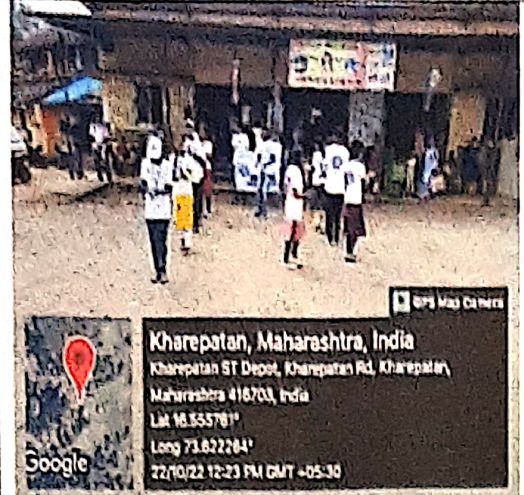

5. Outcome of Activities

- i. It will be benefited to students and people to reduce chance of being disturb with unnecessary items in environment.
- ii. Trees plantation help to improve air quality by absorbing harmful gases and releasing oxygen which is most important for human beings and animal also.
- iii. It helps to bring awareness about waste material are polluting the land and water especially.
- iv. Construct Vanrai Bandhara in various villages are beneficial for Water Conservation /save water.
- v. Institute gives the knowledge about Waste Management Awareness and Save Environment Awareness.
